

Stock Check Tool - User Guide

Welcome to the Stock Check Tool! This guide will help you install and use the app.

How to Install the PWA (Progressive Web App)

On Android Devices

Method 1: Using Chrome

1. Open Chrome browser on your Android device
2. Go to: <https://client-scydom-chins-projects.vercel.app>
3. Tap the **three dots menu** (⋮) in the top-right corner
4. Select **"Add to Home screen"**
5. Enter a name (e.g., "Stock Check") and tap **"Add"**
6. The app icon will appear on your home screen!

Method 2: Using Install Prompt

1. Visit the website in Chrome
2. Look for the **"Install App"** banner at the bottom
3. Tap **"Install"**
4. The app will be added to your home screen

On iOS Devices (iPhone/iPad)

1. Open **Safari browser** (must use Safari, not Chrome!)
2. Go to: <https://client-scydom-chins-projects.vercel.app>
3. Tap the **Share button** (square with arrow pointing up)
4. Scroll down and tap **"Add to Home Screen"**
5. Enter a name (e.g., "Stock Check") and tap **"Add"**
6. The app icon will appear on your home screen!

On Desktop (Windows/Mac)

Using Chrome:

1. Open Chrome browser
2. Go to: <https://client-scydom-chins-projects.vercel.app>
3. Look for the **install icon** (⊕) in the address bar
4. Click it and select **"Install"**
5. The app will open in its own window!

Using Edge:

1. Open Microsoft Edge browser

2. Go to: <https://client-scydom-chins-projects.vercel.app>
 3. Click the **three dots menu** (⋮) in top-right
 4. Select **"Apps"** → **"Install this site as an app"**
 5. Click **"Install"**
-

How to Use the App

Step 1: Login

1. Open the Stock Check app
2. Enter your **username** and **password**
3. Tap **"Login"**
4. You'll stay logged in forever (until you logout)

Step 2: Select Language

- Tap the **language button** in the header to switch between:
 - MM Myanmar (မြန်မာ)
 - GB English
 - CN Chinese (中文)

Step 3: Choose Items to Restock

Main Tab (Ingredients)

1. The default tab shows all main ingredients
2. Tap any item card to add it to your restock list
3. Selected items appear in the **"ITEMS TO RESTOCK"** section below

Setting Quantities

1. Each item in your restock list has quantity controls:
 - **[-]** button: Decrease quantity
 - **Number input**: Tap to type quantity directly
 - **[+]** button: Increase quantity
2. Set the quantity you need for each item

Deleting Items

- Tap the **red trash icon** () to remove an item from your list
- You can only delete items that haven't been submitted yet

Step 4: Add Notes (Optional)

1. Scroll to the **"Notes"** section
2. Type any special instructions or comments
3. Notes will be included in the WhatsApp message

Step 5: Submit Your List

1. Review your selected items and quantities
2. Tap the **"SEND TO WHATSAPP"** button
3. WhatsApp will open automatically
4. The message is pre-filled with your items (in Chinese 中文)
5. Send the message to complete your submission!

Step 6: Unit Check (Braised Pork & Kong Bak)

This section is for checking morning/evening quantities:

1. Scroll to **"UNIT CHECK"** section
 2. Select the period:
 - **Morning** (早上)
 - **Evening** (晚上)
 3. Enter quantities using the hybrid method:
 - Tap **[-]** to decrease
 - Tap the number to type directly
 - Tap **[+]** to increase
 4. Tap **"SUBMIT"** to send quantities via WhatsApp
 5. Once submitted, quantities are **locked** until next period
-

Important Features

Auto-Save

- Your selected items are **automatically saved**
- Even if you close the app, your list remains
- Works until midnight Malaysia time, then resets

Team Sync

- Items submitted by your teammates appear as **locked** in your list
- You can't delete items that others have submitted
- Everyone sees what's already been ordered

Locked Items

- Items with a **lock icon** () have been submitted
- You cannot delete or modify locked items
- This prevents duplicate orders

Daily Reset

- All selections reset at **midnight Malaysia time**
 - You start fresh each day
 - Previous submissions are saved in the database
-

Troubleshooting

App Not Updating?

1. **Close the app completely**
2. **Reopen it**
3. The new version loads automatically

Forgot Password?

- Contact your administrator
- They can reset your password using the CLI tool

Can't Login?

1. Check your **internet connection**
2. Make sure you're using the correct **username** and **password**
3. Contact your administrator if issues persist

WhatsApp Not Opening?

1. Make sure WhatsApp is **installed** on your device
2. Check if you have **permission** to open WhatsApp from browser
3. Try using the app in a different browser

Items Not Syncing?

1. Check your **internet connection**
2. Make sure you're **logged in**
3. Try **refreshing** the page
4. Contact administrator if issues persist

Account Information

Staying Logged In

- Once you login, you **stay logged in forever**
- No need to login again unless you logout
- Works even after closing the app

Logging Out

1. Tap the "**LOGOUT**" button in the header
2. You'll return to the login screen
3. Your session is cleared from the device

Support

If you encounter any issues:

1. Try **closing and reopening** the app

2. Check your **internet connection**
 3. Contact your **administrator** for help
-

Quick Tips

☒ **Install as PWA** for fastest experience ☒ **Set quantities carefully** before submitting ☒ **Check team submissions** to avoid duplicates ☒ **Add notes** for special instructions ☒ **Submit early** in the day for better inventory management
